

Kelowna Cycle May Pricing for Telemark Junior Race and Development Program

May 2012

The team does have a few pairs of “team roller skis” for skiers to try roller skiing but after a certain point (like a season of borrowing for example) skiers should really have their own skis. TR2s should have a pair of Classic skis per household. Here is a deal which I set up with my friends at Kelowna Cycle.

Telemark Group Order Roller Skis

Deadline to order is May 19th 2012

One Way Classic 5
Reg. \$320 May \$200

F1 Sprint Skate
Reg. \$320 May \$200

Yes, One Way does make other skis but they are too fast for the terrain which we ski in; order these.
